“ Heartbreaking to lose Mary, even though I lost touch after graduation. She was a special lady and I extend my deepest sympathies to the family. Terry Geiger, Aquinas '66.

“ Dearest cousins, Mary was, and still is, a very precious member of our family and loved by all. Always wished we lived closer and could have visited more, but did have some nice visits at the family reunions. She will be remembered with much love and affection. Love, Barbara, Fred and family, Loveland Colorado

“ Mary and I have been good friends ever since middle and high school in David City. She and I had so many good times and shared private stories with each other throughout our school life. After we both attended college and received our tertiary degrees, M.A., and Ph.D., we had even more fun academic and college day memories to share. I visited her in San Francisco over a decade ago and we picked up right where we left off. We shared personal stories, hopes, dreams, and lessons learned. We laughed, shopped, cried, and laughed and shopped some more.

She has always been an angel in my midst and now can claim her wings among the best! I may not have talked with her recently but, if I could today, we would pick up with our laughter and our stories like always!

Mary, you are such an important friend in my bouquet of fabulous friends throughout my life that I hope you know you will never be gone for me. You were always a bright spot in my world and I know we will find one another among the many angels when it is my time to join you and we can be together in friendship-land again.

I and so many others cannot believe you have left earth but please know that your place will never be taken by any others for us. You have been and continue to be so loved and cherished by those of us you left behind! I wish you heavenly peace.

Loved by so many, Mary!
